

To All Auto Enthusiasts:

The Sugarloaf Mountain Region, AACA (Antique Automobile Club of America) is sponsoring the

**“41st ANNUAL INDOOR/OUTDOOR ANTIQUE AUTO PARTS MEET”
March 25 & 26, 2011**

Each year this event generates hundreds of vendors selling, swapping and trading antique, street rod and custom auto parts, services and restoration supplies, tools and equipment for commercial and novice hobbyists. Most vendors will educate you on your restoration and give valuable info on where to find original parts and supplies to complete your project. As the end of winter approaches and the start of auto racing, restoration, cruising and modifications to the existing car, truck or motorcycle gets underway, this show brings all levels of automotive enthusiasts, hobbyists and beginners to the Frederick Fairgrounds located in Frederick Co., Maryland.

No charge admission or parking serves as an incentive to see the quality of this show.

Thousands of enthusiasts attend this **two-day** event every year.

What else is at our show?

- **6 enclosed buildings**, packed with vendors (convenient if we have rain or snow)
- **Parking lots** full of outdoor vendors
- **Auto corral** of cars and trucks for sale. Pre-register Thursday before the show date or day of show
- **Demonstrations by:** Unicote – Automotive paints and supplies
Meguiars – Polishing, buffing and protection for old and new
- **AACA souvenir items** will be on display for sale--T-shirts, sweats, ties, pins, hats, and more--to benefit the AACA Library which is located in Hershey, Pennsylvania, and is open to the public
- **Overnight parking** available to vendors and out-of-towners. Hookups billed separately
- **Motels** have given our organization special rates for Thursday and Friday reservations. Continental breakfast is included
- **Food** and plenty of it, prepared by the Sugarloaf Mountain Region members, including breakfast, lunch, soups and desserts
- **Membership** is available. Ask any of the 200 SMR members at the show how you and your family can join

Thanks for your support, and please contact me with any questions you may have.
