

Woodrow “Woody” “Pop” Williams

November 9, 1916 - March 11, 2008

Woodrow "Woody" "Pop" Williams, father of Woody Williams of the George Washington Chapter Model A Club of Northern Virginia, MD, and D.C., died peacefully in his sleep March 11, 2008.

Pop, as he was known in our club, was born November 9, 1916, and was a businessman in Marshall, VA, most of his life. Pop was a veteran of World War II, and was in the early reconnaissance landing forces in the Omaha Beach invasion of Normandy.

Pop has held a special place in our club from when he and son Woody first showed up in Woody's new-bought 1929 roadster. Woody and his family are known to many of you as having organized a series of wonderful tours of the Virginia countryside, based on their knowledge of the beauty and history of the area. These have been open to clubs from surrounding states, and participation has increased each year. (There will be one this year also!)

We will miss Pop and his constant good cheer and ready smile, and his presence will be with us on tours to come.
